CYMRU DAN DRAED

YMERODRAETH LOEGR

Pan â Lloegr i ryfel, rhaid i Gymru fynd gyda hi. Ni chaiff Cymru fel cenedl benderfynu ar bolisi heddwch.

Bu rhyfeloedd ymerodrol Lloegr erioed yn ddinistr i Gymru.

TRETHI LLETHOL

Gwerir £106,000,000 y flwyddyn gan Loegr ar arfogaethau. Gorfodir Cymru i dalu ei chyfran tuag at y swm hwn. Golyga hyn wario £200 y funud ar ryfel.

Felly, allan o bob swllt o dreth a delir gennych, defnyddir wyth geiniog i dalu am ryfeloedd a fu ac a fydd.

CYNHELIR YMERODRAETH LOEGR

TRWY ORMES ECONOMAIDD

A MILWROL

---

1 Ceisiodd Lloegr orfodi ffermwyr Iwerddon i dalu iddi am dir oedd yn barod yn eiddo iddynt hwy. Yn y rhyfel tollau a ddilynodd, Cymru sy'n dioddef fwyaf—Caergybi ac Abergwaun, a'r maes glo.

2 O Ionawr i Fai, 1932, anfonodd De Cymru yn agos i **filiwn** tunell o lo i Iwerddon.
Yn 1934, yn yr un cyfnod, nid anfonodd ond **hanner** miliwn tunell.

3 Felly y teflir gweithwyr Cymru allan o waith er mwyn urddas (!) Ymerodraeth Loegr.

4 Deil Loegr afael, trwy'i byddinoedd, ar Gyprus, India, a mannau eraill,—yn unig er mwyn ei helw ariannol hi ei hun.

5 O bob gwlad dramor arall, yn India y mae'r gyfran fwyaf o arian budd-soddwyr Lloegr, sef **saith can miliwn.**

6 Yn India, tân-belennir pentrefi cyfain o'r awyr,—a gelwir hyn gan Loegr yn "gadw heddwch."

Y MAE GAN GYMRU GYFRIFOLDEB AM Y GORMES HWN—

tra bo ynghlwm wrth Loegr.

Mynnwch Ryddhau Cymru

o'r gwaradwydd hwn, trwy ymuno â'r Blaid Genedlaethol ac ennill Hunan-Lywodraeth i Gymru.

WALES UNDER THE .. IRON HEEL

of the English Empire

When England goes to war, Wales is forced to follow suit. Wales, as a nation, is not allowed to decide on a policy of peace.

England's imperial wars have always been the ruin of Wales.

GRINDING TAXATION

England spends £106,000,000 every year on armaments. Wales is compelled to pay her share towards this colossal sum, which means that £250 per minute is spent on war.

Out of every shilling paid by you in taxes, eightpence is used to pay for wars—either of the past or of the future.

Home Rule a Vital Necessity

WHAT DOES THE NAVY COST?

To Wales		To Canada
(without Home Rule)		(with Home Rule)
£1/2/6	=	2/6
per head of the population		per head of the population

The aim and purpose of all this lavish expenditure is the preservation and upkeep of the English Empire. This Empire is the source of all the misery of Wales.

P.T.O.

THE ENGLISH EMPIRE IS UPHELD BY ECONOMIC and MILITARY OPPRESSION

1 England tried to force the farmers of Ireland to pay for land which already belonged to the Irish. In the tariff "war" that followed Wales is the heaviest sufferer—Holyhead, Fishguard and the South Wales coalfield.

2 Between January and May, 1932, South Wales exported to Ireland nearly a **million** tons of coal.
In 1934, during the same period, she only exported **half a million** tons.

3 In this futile way, therefore, the workers of Wales are thrown out of work, for the sake of English imperial prestige (!)

4 England by means of her armed forces, maintains her grip on Cyprus, India, and other territories,—solely for the sake of her own financial gain.

5 English financiers have a greater share of investments in India than in any other foreign country. The sum amounts to **seven hundred million.**

6 In India, England reserves, and uses, the right to bomb native villages from the air—a process which she designates as "keeping the peace."

WALES, so long as she remains tied to England's imperial chariot, MUST BEAR HER SHARE OF RESPONSIBILITY FOR THIS OPPRESSION.

Pledge yourself to liberate Wales

from this stigma by joining the Nationalist Party of Wales
to win SELF-GOVERNMENT FOR WALES.
